THE COOLIDGE Rare Plant Gardens

*Cor. Colorado St. and Hill Ave.
Pasadena, California*

We have, unquestionably, the greatest variety of plants of any concern in the United States.

We have all of the Common Plants as well as **Many Beautiful Novelties** introduced into this section by us.

Visitors Cordially Welcomed

It would be impossible in a small leaflet or large catalogue to describe or enumerate our many desirable plants, but if we cannot convince you, by a visit to our Gardens, that all of the above statements are correct, we will pay your carfare and present you with a nice plant.

Roses

We have hundreds of varieties of the best new and old sorts.

Among Our BEST NOVELTIES are:

Climbing Orleans—A most charming polyantha of perfect foliage and in full bloom for at least nine

months of the year. There has never been anything like it.

Strong plants 50 cts. and \$1.00.

Thornless Beauty—Every one will desire it. Absolutely without thorns and of a most charming pink color and delightful fragrance.

50 cts. and \$1.00.

Marcia Coolidge—A most beautiful semi-double pink rose, produced by us, positively possessing the most exquisite fragrance of any rose in our collection.

Strong plants \$1.00 each.

Mme. Edward Herriott—the Daily Mail rose—

Something entirely new in color; almost scarlet; a good grower and free bloomer.

\$1.00 each.

Willowmere, Juliet and dozens of the fine new roses at from 50 cts. to \$1.00 each.

POLYANTHA OR BABY ROSES

We have fully 40 varieties of these little sweethearts, shading from white and yellow through pinks to the deepest reds.

From 25 cts. to 50 cts. each.

Ask us for price by the dozen or hundred.

NOVELTIES IN BEDDING PLANTS

Geum, "Mrs. Bradshaw"—15 cts each, \$1.50 per doz.

Dianthus, "Napoleon III"—15 cts. each, \$1.50 per doz.

Coreopsis, "Etoile d'Or," with tubular petals and very fragrant.....25 cts. each and \$2.00 doz.

Fuchsia Microphylla—A charmer with pink flowers not over a quarter inch long.....25 cts.

FRUITING PLANTS

We have many evergreen fruiting plants of much value.

The Coolidge Feijoa is an epoch maker—the beginning of a new horticultural industry. Think of this **superb fruit**, larger than a large hen's egg on the average, of the finest flavor, remaining on the plant until picked, ripening from November to January.

A limited number of orders for grafted plants will be booked for fall delivery at \$5.00 each.

Chinese Dwarf Lemon—Another superb novelty. Beautiful smooth skinned sort of finest flavor.

50 cts. to \$2.00.

Macadamia—the evergreen Nut.

Carissa Grandiflora—the Kai Apple—and dozens of other fine evergreen fruiting plants.

FLOWERING SHRUBS

of dozens of varieties.

Ferns, Begonias, Fuchsias, Bamboos, Palms, Annuals and everything for the garden except seeds and bulbs.

Landscape Department

We have the facilities and material for doing Landscape Work in the most satisfactory manner.

We did all of the work for MRS. ANITA BALDWIN, MR. C. H. WARNER, and many of the beautiful Oak Knoll residences.

ROCKERY WORK

Our great line of plants for this charming landscape work can not be equalled. Have you seen the large Rockeries we installed at the SPINKS Country Estate?

SPRINKLER SYSTEM

We can install this work—guaranteed to give satisfaction.
